Creation of a Low)
Power Radio)
Service)

MB Docket No. 99-25

My name is John Hurd, and I strongly support any actions the Federal Communications Commission can take to expand and support the Low Power FM radio service.

It's important for Democracy for communities to communicate on the grassroots. It makes sense that WE THE PEOPLE have DIRECT access to OUR airways.

Low Power stations should have Primary status in the face of current "radio empires".

Thanks.
